Katerina Sukstul

Head of Engagement
and Platform Delivery

Josh Guy

Head of Product

Mark Luxton

Head of Business Operations

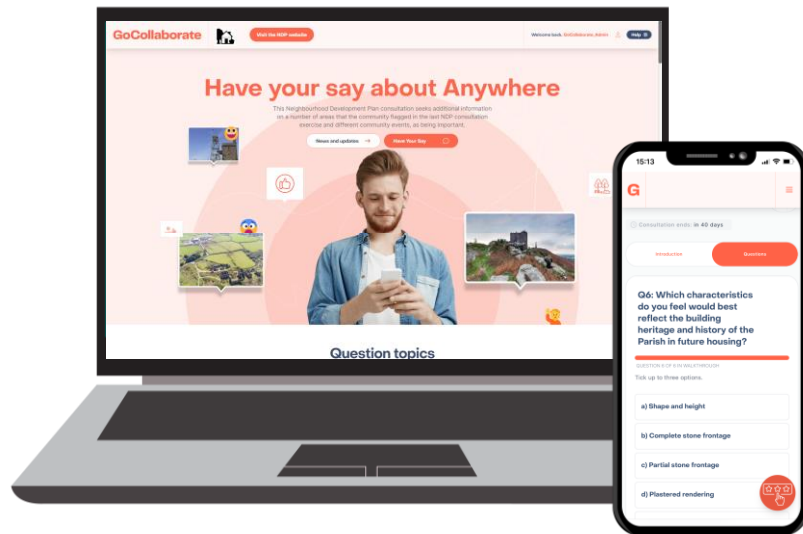

Steve Besford-Foster

Retained Planning
Consultant

GoCollaborate Platforms

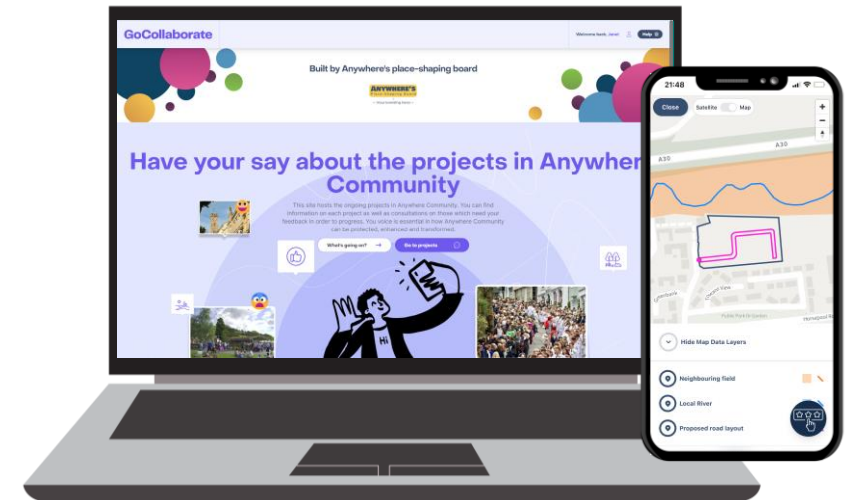

1. Neighbourhood Planning

Present and consult on NDPs, from scoping through to Reg 14

2. Community Projects and Affordable Housing

Present your community projects and housing schemes in a way that's easy to understand, collecting the detail you need to submit bids and prove need

GoCollaborate

Why use GC - successful community engagement is difficult

- Paper based and 1st Gen digital solutions extremely time hungry
- Reaching all areas including seldom heard groups particularly challenging
- With the data comes risk – GDPR compliance
- The problem of data analysis
- Reporting back and checking findings not a nice-to-do
- Multiple consultations often required

GC provides all in one solution

GoCollaborate

GoCollaborate platforms:
Easy to build / Easy to deploy / Easy to use

Built with you to deliver 'informed' feedback

Supported by us to maximise reach

**Designed so that together we can take the
pain out of community engagement**

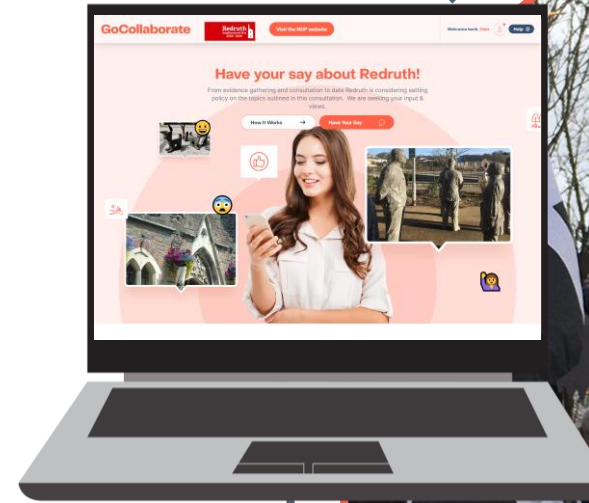

GoCollaborate

Redruth NDP key metrics

Social media campaign – **3954** reached
Visited – **875** times
Contributions – **3289**
26% of respondents 40 or under

“The report they give to me and the Steering Group saves me hours and hours of work pulling together the results of the consultation.”

Imelda Martin – Redruth Parish NDP Project Manager
